## Report on State Hospital Financial Activity: FY 2018-19

### EXECUTIVE SUMMARY

Pursuant to the Fiscal Year (FY) 2018-19 Budget, the Department of State Hospitals (DSH) submits this report to the California State Legislature on the financial activity of the state hospitals. This report is prepared in accordance with Item 4440-011-0001, Provision 9 of the 2018 Budget Act which requires DSH to provide a year-end summary and an operating budget for each state hospital with the FY 2019-20 Governor's Budget and May Revision estimate. Specifically, this second report includes the following information for each state hospital:

- The number of authorized and vacant positions for each institution;
- The number of authorized and vacant positions for each institution, broken out by key classifications;
- The number of positions utilized in the temporary help blanket for each institution;
- The 2017-18 year-end expenditures by line-item detail for each institution;
- The budgeted allocations for each institution for prior, current, and budget years by FISCAL account code;
- The projected expenditures for current and budget years

### THE DEPARTMENT OF STATE HOSPITALS OVERVIEW

DSH manages the nation's largest inpatient forensic mental health hospital system. Its mission is to provide evaluation and treatment in a safe and responsible manner, seeking innovation and excellence in state hospital operations, across a continuum of care and settings. DSH is responsible for the daily care and provision of mental health treatment of its patients. DSH oversees five state hospitals and employs nearly 11,000 staff. Additionally, DSH provides services in jail-based competency treatment programs and conditional release programs throughout the 58 counties. In FY 2017-18, DSH served 11,961 patients within state hospitals and jail-based facilities, with average daily censuses of 5,897 and 227 respectively. The conditional release program (CONREP) maintains an average daily census of approximately 654. DSH's five state hospitals are Atascadero, Coalinga, Metropolitan – Los Angeles, Napa and Patton. Pursuant to the Budget Act of 2017, the psychiatric programs operating at state prisons in Vacaville, Salinas Valley, and Stockton, where DSH treated mentally-ill prisoners, transferred to the responsibility of the California Department of Corrections & Rehabilitation (CDCR) as of July 1, 2017. DSH continues to designate 336 beds at three of its state hospitals, Atascadero, Coalinga, and Patton for the treatment of mentally-ill prisoners.

### STATE HOSPITAL ALLOCATIONS AND EXPENDITURES

Exhibit I (attached) provides detail on the operating budget and expenditures for each facility, listed by FI\$Cal account code. Specifically, for each state hospital, the detail outlines the FY 2017-18 final allocations and year-end expenditures by line item detail, the FY 2018-19 budgeted allocations and projected surplus/deficits, and the projected budgets for FY 2019-20 based on current Governor's Budget proposals. Additionally, any anticipated savings due to delayed projects or unit activations have been reflected in these allocations and projected expenditures. Due to the transition to FI\$Cal as of July 1, 2018, DSH does not have line-item expenditure detail for certain FI\$Cal account codes in FY 2017-18 (i.e. Health Insurance, Medicare Taxation, etc.) because those accounts did not exist in DSH's legacy accounting system.
